

# CHURCH ASSISTANCE & RECOVERY EDUCATION PROGRAMS

## CHURCH SURVEY

As Christians we know it is our responsibility to spread the gospel, invite people to visit our churches, and help those who are in need. When we invite people to visit our churches we need to be prepared to not only share God’s word, but also to help meet their (emotional, physical, relationship, financial, dependancy, as well as spiritual) needs. No one church, especially in small communities, can meet all such needs by themselves, but by sharing resources, manpower, and experience, many churches in a community could reach many of these needs.

This “C.A.R.E. Program” survey is designed to determine what programs are available in this area, what type of programs are needed, and which churches would be able to assist in these programs. Please indicate if your church is actively involved in any successful programs listed below, or if you would be able to help in other ways listed. Such programs and the involvement of many churches will show people that Christians care for them and are willing to help them.
