

# What Will It Cost Me?

It has been shown that when people eat a wide variety of **fruits and vegetables** &/or take **Juice Plus+ nutritional supplements** every day, they eventually are healthier and often have more energy, need less OTC & prescription medicine, need fewer doctor visits, miss school less often or miss work less often, and just feel better mentally and physically.

Since eating fruits and vegetables or taking Juice Plus+ everyday may help you **live a longer, healthier life**, the 1<sup>st</sup> thing to ask is “What will it cost me if I don’t eat or take them?”

How much does it cost you:

when you miss work for your own illness or your child’s illness?  
for doctor visits and medicine when you get sick?

What is it worth to you to have:

more energy, less pain, less illness with less trips to the doctor?  
a much lower risk for cancer and other serious disorders?  
more enjoyment in your life due to improved health?  
peace of mind that you are properly taking care of your body for years to come?

To buy, prepare and eat a wide variety of fruits and vegetables every day would be **very costly and time consuming**. This is a main reason why very few people eat enough fruits and vegetables.

But taking **Juice Plus+** is very quick and easy and inexpensive. The cost of taking the recommended servings for an Adult are as follows: for

2 capsules of both the Orchard & Garden Blend is	only about \$1.50 per day.
2 capsules of the Vineyard Blend is	only about \$1.00 per day.

OR

4 chewables of both the Orchard & Garden Blend is	only about \$1.59 per day.
4 chewables of the Vineyard Blend is	only about \$1.09 per day.

(A child’s serving is determined by age, but is usually ½ of the Adult’s serving size)

The amount you could eventually save from less doctor visits, less medication and less missed work, could easily cover the cost of these supplements. Also think about what it cost for soft drinks, fast food and junk food which you could, and probably should, do without.

Making proper nutrition a priority is a smart decision. Plus a life with less pain, less pills-taking, less illness, and more free time, energy and enjoyment is PRICELESS.

If you are interested in ordering any Juice Plus+ supplements, contact Dr. Brooks A. Harris (authorized distributor) at 731-635-3026. We will contact NSA (who manufactures Juice Plus+ in Memphis TN) and they will either bill your credit card or make a bank draft (whichever you prefer), then send a 4-month supply directly to you. They will bill for ¼ of the 4-month supply every month for 4 months. Every 4 months a 4-month supply will be shipped to you automatically. But you can contact us if you need to receive the next supply sooner or need to have it delayed or even need to stop it.

Remember too that if an adult (a parent, grandparent, aunt, uncle or friend) takes the Orchard & Garden Blends, a child (age 4 through the 4<sup>th</sup> year of college) can take the Orchard & Garden Blends (capsules or chewables) for FREE for up to 4 years. (The only requirements are that you pay the shipping charge – usually \$1.75 per month – and fill out a short survey with every 4-month shipment)

Living a healthy life can be easier and more affordable than you thought! Call us for more information.
